

Elena Kuzmin - Canada

Department of Biology, Centre for Applied Synthetic Biology, Centre for Structural and Functional Genomics, Concordia University, Montreal, Canada;

Department of Human Genetics, Rosalind & Morris Goodman Cancer Institute, McGill University, Montreal, Canada

Elena Kuzmin is an Assistant Professor and Canada Research Chair Tier II in Synthetic and Functional Genomics in the Department of Biology, Centre for Applied Synthetic Biology, Centre for Structural and Functional Genomics at Concordia University and an Adjunct Professor in the Department of Human Genetics, Rosalind & Morris Goodman Cancer Institute at McGill University. Dr. Kuzmin's current research interests include integrative synthetic and functional genomics, with a focus on complex genetic interaction networks. She holds a Forbeck Scholar Award and Gairdner Early Career Investigator Award.
